(Full Office Note.)

Subject. Letter no. 76 dated the 19/23rd Septr. 1903 from the President of the Municipal Commission Bangalore City, proposing to straighten the road leading from the Palace and joining the Avenue Road near the High Ground Police Station.

Note.

The Bangalore City Municipal Board propose to straighten the road which leads from the Palace and joins the Avenue Road near the High Ground Police Station. For this purpose a portion of the land attached to the Government building called "Bala Brooi" measuring 4011 sq. yards will be required. The President requests that the required land may be granted to the municipality. He requests early orders as the P. W. Department is proceeding with the draining of a compound wall &c.

said building. A sketch showing the road is also submitted.

~~Land is submitted for approval as per orders~~. It is not clear from the President's letter whether the land actually required for the road measures 4 011 Legislative yards or ~~only two~~ the entire area which will have to be separated from the Compound of the Government Bungalows, for the road & vacant site, and how the latter is proposed to be utilized. The Board's resolution is silent as to the cost of compensation payable for the land in question. The Board evidently wishes to sell the land freed. If approved, information on the above points may be called for from Mr. Wheeler, the Chief Engineer & may be requested to stop the work of Construction of the Compound wall to the Bungalows in question. The improvement is a doubtful one. The road at present in use cannot be closed; and the small bits of detached compound will not be of much use for anything

The Chief Engineer having been consulted in the matter as directed by the Dewan, states that the proposed "straight road" would absolutely spoil "Bala Bhoovie" as a private residence, that it would seem to him that cutting off the corner as shown in blue pencil on the tracing would be sufficient the addn that if His Highness should prefer the straight road it will be necessary to carry it out.

I am inclined to think that the suggestion of the Chamberlain be adopted but as this is a road on Mount Grand by St. H. and will be a smaller grade.

SIR,

I have the honor to state that the road leading from the Palace and joining the Avenue road near the High Ground Police Station requires Straightening as shown in the sketch herewith submitted, and for this purpose a portion of land attached to the government building called "Bala Brooi" measuring 4011 Square yards will be required.

A copy of the Board's resolution dated 17 Instant deciding to carry out the

necessary improvement which would result in the formation of a better approach to the Palace is herewith submitted for the consideration of Government for the grant of as much land out of the "Bala Bagai compound as will be required for the purpose. As the Public Works Department is now proceeding with the raising of a compound wall to this house, it is requested that very early orders may be obtained.
